Sub: Season - Adverse seasonal conditions - Bellar District - April to September 1953 - Relief measures - Report submitted.

Ref: Board's D.O.2647/53 dated 25-4-1953.

-:-

The recent rains in the scarcity affected areas of Rayadrug and Kudligi Taluks of this district were not of much use to the labour population. They are still not finding enough work in the seasonal agricultural operations. The rainfall received in the taluks of Rayadrug and Kudligi in the months of March and April 1953 and normal rainfall are furnished below:-

Rainfall received

Rayadrug taluk	March 1953 :	Nil	April 53:	2.18"
Normal Rainfall	"	Nil	"	1.07"
Kudligi Taluk	"	Nil	"	1.07"
Normal Rainfall	"	0.14"	"	0.32"

2. Statistics regarding the number of workers relieved in the road works in Rayadrug and Kudligi taluk for the past three weeks are furnished below:-

	Men	Women	Children
1. week ending 11-4-1953	648	497	97.
2. -do- 18-4-1953	1000	1133	288
3. -do- 25-4-1953	1113	781	375

The above statistics go to show that the workers are on the increase due to scarcity of employment in the normal agricultural operations. I, therefore, request the Board to address the Government for the continuance of the 10 (ten) road works that are in progress in the taluks of -- Rayadrug and Kudligi until the strength in the Road works falls down considerably.

3. The figures of expenditure on Road works from April 1953 to September 1953 are as follows:-

1. District Board road works	..	Rs.1,96,500
2. Special Establishment charges	..	Rs. 3,500
		2,00,000

This sum may be provided for in the budget

9.7.53

The L.D. clerk and draftsman were sanctioned for the Division office, because a new Subdn. consisting of one Asst. Engr., 3 Supvrs., etc. was sanctioned. Now out of the Subdn. staff only one supervisor is to be continued. There is therefore no need to continue the L.D. clerk and draftsman in the Division office. The Ch. may be asked to dispense this staff immediately.

The Supervisor alone may be continued till 30-9-53.
